NOTICE TO CUSTOMERS REGARDING TITLING OR DOCUMENTATION

We accept boats for sale from insurance companies as salvages and banks as repossessions, which, as a rule, require extensive time and research to ensure that you are purchasing a unit with a clear title or documentation. The \$245.00 charge represents this effort only. For this charge the buyer will receive all necessary documents required to apply for clear title or documentation. It is the responsibility of the buyer to then forward these documents to a title agency or documentation clerk to place the unit in their name. Our assistance in documenting or titling the unit will carry an additional charge. There is a Buyers premium on some vessels and the Buyer will pay this premium to AMS at the time of purchase. The \$245.00 Administration Fee is non-refundable.

IMPORTANT INFORMATION REGARDING SALES TAX

All purchases will be _____ state sales tax at the current state approve rate unless they complete and sign an affidavit claiming they are exempt under the rules of the State of California and state the reason they are exempt. California dealers will be required to provide a California sales tax exemption number.

California State Board of Equalization Resale Certificate Number: _____
